

**Invasive Species Awareness Week  
Proclamation Sample for Partners**

###

**WHEREAS**, invasive species - including invasive insects, animals, diseases, and noxious weeds – damage our land and water, harm our wildlife and the productivity of our natural resources, and inhibit management of those resources in **JURISDICTION**; and

**WHEREAS**, the costs to prevent, monitor, and control invasive species, combined with the damage to crops, fisheries, forests, and other resources, cost the nation an estimated \$1.2 trillion of the past 50 years; and

**WHEREAS**, invasive species threaten the survival of native plants and animals, including pollinators, and are a significant threat to almost half of the native species listed as federally endangered, including salmon and orca; and

**WHEREAS**, invasive species interfere with ecosystems by changing natural processes such as fire, water availability, and flooding; and

**WHEREAS**, invasive species threaten natural resources, impede industry, threaten agriculture and the food supply, endanger human health, and are becoming increasingly more difficult to prevent and control as a result of global commercialization and human travel; and

**WHEREAS**, prevention is far less expensive than trying to remove species once they arrive, and an educated and aware public is highly effective at detecting introduced species early;

**NOW, THEREFORE, I/WE, NAME(S), ROLE** of the **JURISDICTION**, do hereby proclaim February 20 to February 26, 2023, as

***Invasive Species Awareness Week***

in **YOUR JURISDICTION**, and **I/WE** encourage all people in our **JURISDICTION** to learn more about preventing invasive species by visiting [invasivespecies.wa.gov](http://invasivespecies.wa.gov).
