# 2023 URBAN FOREST PEST VIRTUAL SUMMIT

**October 17–18**  
**8:30 a.m. – 12:30 p.m.**

SCAN ME

**Register  
Today!**

Arborists, urban foresters, natural resource managers, and others! Join us for a virtual summit over Zoom, that will feature a wide range of pest-related subjects. A variety of speakers will share the latest developments on emerging invasive pests in Washington State and the Pacific Northwest region, their profound impact on our landscapes, the complex interplay with climate change, existing pest response structures, and program spotlights. Participants will learn information and foster dialogue about preparing for current and emerging pests of concern. You won't want to miss it! [A recording will be available.](#)

## QUESTIONS

**Maria Marlin**

WA Invasive Species Council  
Outreach and Education Specialist  
[maria.marlin@rco.wa.gov](mailto:maria.marlin@rco.wa.gov), and

Department of Natural Resources (DNR)  
Urban Forestry Program  
[urban\\_forestry@dnr.wa.gov](mailto:urban_forestry@dnr.wa.gov)
